The TitanLM (Low Maintenance) Banquet Stackers 81802 and 81602 feature the technologically advanced Flex-Fit™ seat with BosScrew™ technology, Sure-Set front t-nut mounted single piece upholstered back, 16 gauge 1010 cold rolled carbon steel frame, and Bertolini's bio-based 2 lb. BLUE commercial grade foam rolled front seat cushion. This winning combination creates a level of durability unmatched by other manufacturers in the industry. The affordably priced TitanLM is truly the "workhorse" of stackable banquet chairs.

Features & Benefits

Built and Sourced Locally in the USA: Quality built in the USA for a chair that lasts longer and needs replacing less often; locally sourced with components such as recyclable USA steel, bio-based foam cushioning, and 30+% post industrial recycled seat polymers.

Zero Maintenance Seat: No loose screws on the floor with the innovative Flex-Fit™ blow-molded seat and Fit-Tight™ fastening system with self-tightening BosScrew™

Unmatched Comfort: The Flex-Fit™ seat's contoured S-shape saddle with Bertolini's exclusive 2 lb. BLUE foam cushioning and rolled front for all day comfort.

No Backs Popping Off: Sure-Set single piece back featuring rock-solid durability with t-nut construction that stays put and does not separate.

Industry's Strongest Frame: Radius 16 gauge 1010 cold rolled steel with integrated solid Torsion Bar System.

Finish: Ultra-Durable Powder-coat electrostatically applied and baked at over 400 degrees. Saltwater tested to over 800 hours. Both standard and designer finishes available. Chrome and brass plating also available.

Fabric: Over 50 standard fabrics and hundreds of designer fabrics to choose from. C.O.M. fabrics are usable upon approval; allow 0.8 to 1.1 yards of standard width fabric depending on model.

Glides For Life: Noncorrosive ribbed and booted self-leveling rocker glides which eliminate swivel-glide failure; provided for the life of your chair.

Stack Buttons: Friction-fit, non-rigid polymer stack buttons stay in place, preventing marring.

Extensive Internal and Independent Testing: Exceeds all BIFMA standards (and a few that BIFMA has not thought of).

Longest Warranty in the Industry: 20 years structural and 10 years components.

Maximum ROI for Your Property:

We've brought together the industry's strongest frame, zero maintenance seat and longest warranty to provide you with maximum return on investment.
