Service. Integrity. Relationship.

The new EVERFLEX™ banquet stackers 91850 and 91650 blend the comfort of a flexible back with the ergonomic characteristics of Bertolini's proprietary Flex-Fit™ polymer seat providing your guests with five star seating comfort that will last all day long. You'll love the unbeatable durability as much as your guests will love the five star comfort. Just take the industry's strongest frame, our ZERO Maintenance Flex-Fit™ Seat with BosScrew™ technology, and the million cycle EVERFLEX™ composite spring system for a chair that lasts longer and needs replacing less often. At nearly half the cost of other flex back chairs manufactured in the USA today, the EVERFLEX™ delivers five star comfort and a strong return-on-investment perfect for today's banquet facilities.

Features & Benefits

Built and Sourced Locally in the USA: Quality built in the USA for a chair that lasts longer and needs replacing less often; locally sourced with components such as recyclable USA steel, bio-based foam cushioning, and 30%+ post industrial recycled seat polymers.

Million Cycle Everflex

Zero Maintenance Seat: No loose screws on the floor with the innovative Flex-Fit™ blow-molded seat and Fit-Tight™ fastening system with self-tightening BosScrew™

Unmatched Comfort: The million cycle Everflex back, in concert with the Flex-Fit™ seat's contoured S-shape saddle, high resiliency 3 lb. foam cushioning and rolled front seat, creates all day comfort.

Innovative Flex-Fit™ Seat

No Backs Popping Off: The Dura-Lock II back features great looks and our metal-to-metal Quad-lock Tinnerman and rivet system for rock solid construction that never separates.

Industry's Strongest Flexible Frame: Radius 16 gauge 1010 cold rolled steel with integrated solid Torsion Bar System and million cycle EVERFLEX composite spring system for a chair that lasts longer and needs replacing less often.

Self-Tightening BosScrew™

Finish: Ultra-Durable Powder-coat electrostatically applied and baked at over 400 degrees. Saltwater tested for over 800 hours. Both standard and designer finishes available. Chrome and brass plating also available.

Fabric: Over 50 standard fabrics and hundreds of designer fabrics to choose from. C.O.M. fabrics are usable upon approval; allow 0.8 to 1.1 yards of standard width fabric depending on model.

Dura-Lock II Back

Glides For Life: Noncorrosive ribbed and booted self-leveling rocker glides which eliminate swivel-glide failure; provided for the life of your chair.

Stack Buttons: Friction-fit, non-rigid polymer stack buttons stay in place, preventing marring.

Extensive Internal and Independent Testing: Exceeds all BIFMA standards (and a few that BIFMA has not thought of).

Longest Warranty in the Industry: 20 years structural and 10 years components.

Maximum ROI for Your Property:

We've brought together the industry's strongest frame, zero maintenance seat and longest warranty to provide you with maximum return on investment.
