Service. Integrity. Relationship.

With its generous 20" wide seat and relaxed design the Conference™ C-05 is the chair your conference guest will gladly sit in all day long. These conference stackers feature the Flex-Fit™ seat, the Fit-Tight™ fastening system with BosScrew™ technology, and the award winning Ergo-V back. Combined they provide ultimate comfort, unmatched innovation, enduring elegance, and rock-solid durability. When you're ready to consider your next purchase of conference seating, look no further than the Conference stacker C-05; it's sure to revolutionize the seating industry.

Features & Benefits

Built and Sourced Locally in the USA: Quality built in the USA for a chair that lasts longer and needs replacing less often; locally sourced with components such as recyclable USA steel, bio-based foam cushioning, and 30%+ post industrial recycled seat polymers.

Zero Maintenance Seat: No loose screws on the floor with the innovative Flex-Fit™ blow-molded seat and Fit-Tight™ fastening system with self-tightening BosScrew™

Unmatched Comfort: The contoured Ergo-V back acts in perfect concert with the Flex-Fit™ seat's contoured S-shape saddle with Bertolini's high-resiliency commercial-grade foam cushioning and rolled front seat to create all day comfort.

Industry's Strongest Flexible Frame: Radius 16 gauge 1010 cold rolled steel with integrated solid Torsion Bar System.

Finish: Ultra-Durable Powder-coat electrostatically applied and baked at over 400 degrees. Saltwater tested for over 800 hours. Both standard and designer finishes available. Chrome and brass plating also available.

Fabric: Over 50 standard fabrics and hundreds of designer fabrics to choose from. C.O.M. fabrics are usable upon approval; allow 0.8 to 1.1 yards of standard width fabric depending on model.

Glides For Life: Noncorrosive ribbed and booted self-leveling rocker glides which eliminate swivel-glide failure; provided for the life of your chair.

Stack Buttons: Friction-fit, non-rigid polymer stack buttons stay in place, preventing marring.

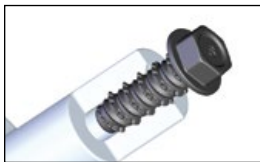

Extensive Internal and Independent Testing: Exceeds all BIFMA standards (and a few that BIFMA has not thought of).

Longest Warranty in the Industry: 20 years structural and 10 years components.

Maximum ROI for Your Property: We've brought together the industry's strongest frame, zero maintenance seat and longest warranty to provide you with maximum return on investment.
